

Thursday, June 25, 2020					
Time	Hall A	Hall B	Hall C	Hall D	Hall E
10:00-10:30	Treating Mild Asthma: A Paradigm Shift Alberto Papi, MD <i>Moderator: Caterina Bucca, MD</i>	How the Big Trials Have "Biased" the Progress of the Treatment of COPD Patients Emiel Wouters, MD <i>Moderator: Alfredo Chetta, MD</i>	Acute Pulmonary Embolism: Risk Stratification and Effects on Management Lisa K. Moores, MD, FCCP <i>Moderator: Paolo Palange, MD</i>	Fundamentals of Bronchoscopy Septimiu D. Murgu, MD, FCCP <i>Moderator: Mangala Narasimhan, DO</i>	
10:30-10:35	Movement				
10:35-11:05	Precision Respiratory Medicine in the Third Millennium Walter Canonica, MD <i>Moderator: Caterina Bucca, MD</i>	Hyperinflation: Treating the Lung to Improve the Heart Bartolome Celli, MD <i>Moderator: Francesco de Blasio, MD</i>	When and Why Should I Start ECMO for ARDS Luigi Camporota, MD <i>Moderator: Nunzio Crimi, MD</i>		
11:05-11:10	Movement Break				
11:10-11:40	Update on Screening for Lung Cancer: European Focus Peter J. Mazzone, MD, FCCP <i>Moderator: Dario Olivieri, MD, Master, FCCP</i>	Mucoregulator Agents and Respiratory Symptoms in COPD Paola Rogliani, MD <i>Moderator: Mario Cazzola</i>	Tuberculosis Across the Globe in 2020 John (Jack) Buckley, MD, MPH, FCCP <i>Moderator: Nunzio Crimi, MD</i>	Lung Transplantation Deborah J. Levine, MD, FCCP <i>Moderator: Stephanie Levine, MD, FCCP</i>	Fundamentals of Bronchoscopy Hands-on Simulation Septimiu D. Murgu, MD, FCCP Rotation: 1. Bronchoscopic Management or Airway Bleeding. 2. Airway Foreign Body. 3. Airway and Mediastinal Anatomy 4. Cyroextraction for Central Airway Obstruction Ticket
11:40-11:45	Movement				
11:45-12:15	Cystic Fibrosis: Are Adults Different? Francesco Blasi, MD <i>Moderator: Caterina Bucca, MD</i>	The History of Pulmonary Rehabilitation with a Physiological Focus Richard Casaburi, MD, PhD, FCCP <i>Moderator: Alfredo Chetta, MD</i>	Reporting Research Effectively Darcy D. Marciniuk, MD, FCCP <i>Moderator: Nunzio Crimi, MD</i>	Sarcoidosis: Contemporary Review and Management Challenges William F. Kelly, MD, FCCP <i>Moderator: Stephanie Levine, MD, FCCP</i>	
12:15-13:45	Lunch Break, Visit Exhibit Hall, Oral Poster Presentations	Industry Lunch Symposia (12:30-13:30)	Industry Lunch Symposia (12:30-13:30)	Industry Lunch Symposia (12:30-13:30)	
13:45-14:15	Specific Challenges of Asthma in the Elderly Nicola Scichilone, MD <i>Moderator: Girolamo Pelaia, MD</i>	Update on the Management of Obesity Hypoventilation Syndrome Neil S. Freedman, MD, FCCP <i>Moderator: Stefano Picciolo, MD</i>	Do Pharmacological Therapies Have Any Future for ARDS? Patricia Rocco, MD, PhD <i>Moderator: Alfredo Chetta, MD</i>	COPD: BEYOND PUFFERS Important Clinical Outcomes in COPD Pierachille Santus, MD, PhD Non-Pharmacologic Therapies Darcy D. Marciniuk, MD, FCCP Long-term Non-invasive Ventilation Enrico Clini, MD, FCCP <i>Moderator: Darcy D. Marciniuk, MD, FCCP</i>	Fundamentals of Bronchoscopy Hands-on Simulation Septimiu D. Murgu, MD, FCCP Rotation: 1. Bronchoscopic Management or Airway Bleeding. 2. Airway Foreign Body. 3. Airway and Mediastinal Anatomy 4. Cyroextraction for Central Airway Obstruction Ticket
14:15-14:20	Movement				
14:20-14:50	Case-Based Discussion: Difficult Asthma: A Systematic Approach to Asthma Evaluation Girolamo Pelaia, MD, FCCP	End of Life Decision in Terminally Ill Patients Stefano Nava, MD <i>Moderator: Paolo Palange, MD</i>	Diagnosis and Management of Complications in the Treatment of Lung Cancer Gerard A. Silvestri, MD, FCCP <i>Moderator: William F. Kelly, MD, FCCP</i>		
14:50-14:55	Movement				
14:55-15:25	Comorbidities in Difficult Asthma Sandhya Khurana, MD, FCCP Selecting the Right Treatment for the Right Patient Pierluigi Paggiaro, MD <i>Moderator: Sandhya Khurana, MD, FCCP</i>	Lung Volume Reduction Javier Flandes, MD, PhD, FCCP <i>Moderator: Stefano Gasparini, MD</i>	Lung Cancer Screening and Its Impact on Thoracic Surgery Giulia Veronesi, MD <i>Moderator: Gerard A. Silvestri, MD, FCCP</i>		
15:25-16:10	Coffee Break, Visit Exhibit Hall, and View E-Posters				
16:10-17:40	Multi-Disciplinary Thoracic Oncology Tumor Board Stefano Gasparini, MD Gerard A. Silvestri, MD, FCCP Peter J. Mazzone, MD, FCCP Giulia Veronesi, MD <i>Moderator: Gerard A. Silvestri, MD, FCCP</i>	Infections Panel: Select Topics in Pneumonia Update on Pneumonia Treatment Francesco Blasi, MD Pneumonia in the Immunocompromised Host Stefano Aliberti, MD Non-resolving Pneumonia Lisa K. Moores, MD, FCCP <i>Moderator: Lisa K. Moores, MD, FCCP</i>	COPD: State of the Art Co-Chairs: Francesco de Blasio, MD, FCCP and Darcy D. Marciniuk, MD, FCCP Optimal Pharmacotherapy in 2020 Bartolome Celli, MD, FCCP Challenges with the Use of Bronchodilators Mario Cazzola, MD Endobronchial Valve Therapy Otis Rickman, MD, FCCP <i>Moderator: Francesco de Blasio, MD, FCCP</i>	Critical Care Panel Factors Influencing Your Choice of Ventilator Modes Gregory P. Downey, MD, FCCP How To Minimize Ventilator Induced Lung Injury? Patricia Rocco, MD, PhD Troubleshooting Common Problems in Mechanical Ventilation Mangala Narasimhan, DO, FCCP When to Extubate and How Aggressive Should We Be? John (Jack) Buckley, MD, FCCP <i>Moderator: John (Jack) Buckley, MD, FCCP</i>	
17:40-17:45	Movement				
17:45-18:15	Welcome Remarks, President Address, Award Presentation				
18:15-18:45	Mark J. Rosen, MD, FCCP Memorial Lecture Decline and Fall of Respiratory Function in COPD Dario Olivieri, MD, Master FCCP				
18:45-19:15	Welcome Reception Entertainment				
19:15-20:15	Welcome Reception in Exhibit Hall				

Friday, June 26, 2020					
Time	Hall A	Hall B	Hall C	Hall D	Hall E
08:30-09:00		Morning Coffee and Case-Based Discussion	Morning Coffee and Case-Based Discussion	Morning Coffee and Case-Based Discussion	
09:00-09:30	Beyond T2 Asthma Defining Non-T2 Asthma: What are the Mechanisms? Pierluigi Paggiaro, MD	Transbronchial Cryobiopsy in ILD Venerino Poletti, MD Moderator: <i>Maria Maiori, MD</i>	Cardiopulmonary Exercise Testing in Clinical Practice Paolo Palange, MD Moderator: <i>Enrica Cini, MD</i>	Interventional Management of Pleural Diseases Otis Rickman, DO, FCCP Moderator: <i>Septimiu D. Murgu, MD, FCCP</i>	
09:30-09:35	Best Management Strategy for Non-T2 Asthma Alberto Papi, MD	Movement			
09:35-10:05	Obesity & Asthma Sandhya Khurana, MD, FCCP Moderator: <i>Sandhya Khurana, MD, FCCP</i>	Management of the Sample from Needle Aspiration Procedures for Optimal Cancer Phenotyping and Genotyping Rocco Trisolini, MD Moderator: <i>Maria Maiori, MD</i>	Extra-Pulmonary Effects of Advanced COPD Darcy D. Marciniuk, MD, FCCP Moderator: <i>Stefano Marinari, MD</i>		
10:05-10:35	Coffee Break, Visit Exhibit Hall, and View E-Posters				
10:35-11:05	Italy-USA Round Trip History as "Italian" and Their Interest in Pulmonology Bartolome R. Celli, MD, FCCP Richard Casaburi, MD, PhD, FCCP Francesca Polverino, MD, PhD Moderator: <i>Girolamo Pelaia, MD, FCCP</i>	Approach to Pulmonary Infections in the Immunocompromised Host Lisa K. Moores, MD, FCCP Moderator: <i>Eva Polverino, MD</i>	Deficit of Alpha1-Antitripsin and Asthma Antonio Spanevello, MD Moderator: <i>Stefano Marinari, MD</i>	Interstitial Lung Diseases: An Update	Interventional Management of Pleural Disease Hands-on Simulation Rotation: 1. Ultrasound-Guided Thoracentesis 2. Tunneled Indwelling Pleural Catheters for Effusion 3. Small-Bore Pleural Catheters for Pneumothorax 4. Large-Bore Wire-Guided Tube Thoracostomy Ticket
11:05-11:10		Movement		Classification and Diagnosis Guidelines Carlo Vancheri, MD	
11:10-11:40		Respiratory Infections: Is It Possible - a Future Without Antibiotics? Eva Polverino, MD Moderator: <i>Francesca Polverino, MD, PhD</i>	Getting the Most Out of Your CPAP Compliance Data Neil S. Freedman, MD, FCCP Moderator: <i>William F. Kelly, MD, FCCP</i>	Rare Interstitial Lung Diseases Elena Bargagli, MD, PhD	
11:40-11:45		Movement		Newest Therapeutic Approach Alessandro Sanduzzi Zamparelli, MD Moderator: <i>Francesco de Blasio, MD, FCCP</i>	
11:45-12:15		Mechanisms of Alveolar Epithelial Injury and Repair in Acute Lung Injury Gregory P. Downey, MD, FCCP Moderator: <i>Maria Maiori, MD</i>	Eosinophilic Lung Disease Stephanie M. Levine, MD, FCCP Moderator: <i>William F. Kelly, MD, FCCP</i>		
12:15-13:45	Lunch Break, Visit Exhibit Hall, Oral Poster Presentations	Industry Lunch Symposia (12:30-13:30)	Industry Lunch Symposia (12:30-13:30)	CHEST® Journal: A Primer on How To Write a Medical Manuscript and Get It Published Gerard A. Silvestri, MD, FCCP Peter J. Mazzone, MD, FCCP	
13:45-14:15	Update on NTM Pulmonary Disease Doreen Addrizzo-Harris, MD, FCCP Moderator: <i>Pieranselmo Mori, MD</i>	Autoimmunity in COPD Francesca Polverino, MD, PhD Moderator: <i>Stefano Picciolo, MD</i>	Effect of Sleep in Patients with Chronic Obstructive Pulmonary Disease Giuseppe Insalaco, MD Moderator: <i>Mario Polverino, MD</i>	A Modern Unconventional Approach to Respiratory Patients	Interventional Management of Pleural Disease Hands-on Simulation Rotation: 1. Ultrasound-Guided Thoracentesis 2. Tunneled Indwelling Pleural Catheters for Effusion 3. Small-Bore Pleural Catheters for Pneumothorax 4. Large-Bore Wire-Guided Tube Thoracostomy Ticket
14:15-14:20	Movement		COPD Phenotyping Antonio Spanevello, MD		
14:20-14:50	Management of Solitary Pulmonary Nodules Gerard A. Silvestri, MD Moderator: <i>Pieranselmo Mori, MD</i>	What's New in COPD Pharmacology Mario Cazzola, MD Moderator: <i>Maria Del Donno, MD</i>	ROSE for the Pulmonologist Stefano Gasparini, MD Moderator: <i>Mario Polverino, MD</i>	Evaluation of Body Composition Francesca de Blasio, PhD	
14:50-14:55	Movement		Clinical Approach to Exercise Tolerance in Patients With Advanced COPD Enrico Cini, MD, FCCP Moderator: <i>Francesco de Blasio, MD, FCCP</i>		
14:55-15:25	Lung Cancer Literature Year in Review Peter J. Mazzone, MD, FCCP Moderator: <i>Pieranselmo Mori, MD</i>	Rationale and Good Clinical Practices in Interventional Bronchoscopy Semra Bilaceroglu, MD Moderator: <i>Stefano Picciolo, MD</i>	Antibiotic Use in the ICU: Empiric Use and Stewardship John (Jack) Buckley, MD, MPH, FCCP Moderator: <i>Eva Polverino, MD</i>		
15:25-16:10	Coffee Break, Visit Exhibit Hall, and E-Poster Discussion				
16:10-17:40	Severe Asthma: State of the Art Novel Insights in Pathobiology of Severe Asthma Sandhya Khurana, MD, FCCP Viral Infections and Asthma Exacerbations Alberto Papi, MD Advances in Inhaled Pharmacotherapy Pierluigi Paggiaro, MD New Therapies in Severe Asthma Girolamo Pelaia, MD, FCCP Moderator: <i>Sandhya Khurana, MD, FCCP</i>	Tracheal Stenosis, Tracheomalacia and Malignant Airway Obstruction: An International Perspective Panel: Javier Flandes, MD, PhD, FCCP Semra Bilaceroglu, MD Stefano Gasparini, MD Otis Rickman, DO, FCCP Moderator: <i>Septimiu D. Murgu, MD, FCCP</i>	SEEK Questions Stephanie M. Levine, MD, FCCP Deborah J. Levine, MD, FCCP John (Jack) Buckley, MD, MPH, FCCP Darcy D. Marciniuk, MD, FCCP Moderator: <i>Stephanie M. Levine, MD, FCCP</i>	Moderator: <i>Clayton T. Cowl, MD, FCCP</i>	
17:40-18:00	CHEST Challenge Reception				
18:00-19:30	CHEST Challenge				
19:30-20:30		Industry Symposia (19:30-20:30)	Industry Symposia (19:30-20:30)	Industry Symposia (19:30-20:30)	

Saturday, June 27, 2020						
Time	Hall A	Hall B	Hall C	Hall D	Hall E	
08:30-09:00		Morning Coffee and Case-Based Discussion	Morning Coffee and Case-Based Discussion	Morning Coffee and Case-Based Discussion		
09:00-09:30	Pulmonary Hypertension The Evolution of World Symposium of Pulmonary Hypertension: Diagnostics and Treatment Nazzareno Galie', MD Pulmonary Hypertension and Lung Transplantation: Group 1 and Beyond Deborah J. Levine, MD, FCCP <i>Moderator: Antonio Sacchetti, MD</i>	Bronchoscopy for Suspected Lung Cancer: A Fresh Look at the Indications, Differing Technologies and Diagnostic Yields Gerard A. Silvestri, MD, FCCP <i>Moderator: Peter Mazzone, MD, FCCP</i>	Long-term Respiratory Outcome of Prematurity: A New COPD Phenotype? Eugenio Baraldi, MD <i>Moderator: Francesco de Blasio, MD, FCCP</i>	Thoracic Ultrasonography for the Pulmonary Consultant Mangala Narasimhan, DO, FCCP <i>Moderator: Otis Rickman, DO, FCCP</i>		
09:30-09:35		Movement				
09:35-10:05			Work-Related ILD: Updates on Pneumoconioses Clayton T. Cowl, MD, FCCP <i>Moderator: William F. Kelly, MD, FCCP</i>	Sleepiness At Wheel and At Work in OSA Patients Francesco Fanfulla, MD <i>Moderator: Franco Pasqua, MD</i>	Shock and Hemodynamic Monitoring John (Jack) Buckley, MD, MPH, FCCP <i>Moderator: Alessandro Zanasi, MD</i>	Thoracic Ultrasonography Hands-on Scanning Mangala Narasimhan, DO, FCCP
10:05-10:10	Movement					
10:10-10:40		Vaping: Clinical and Regulatory Aspects Panagiotis Behrakis, MD, PhD, FCCP <i>Moderator: Maria Del Donno, MD</i>	Strategies to Improve CPAP Adherence Neil S. Freedman, MD, FCCP <i>Moderator: Franco Pasqua, MD</i>	Risk Stratification and Management of Atrial Fibrillation Giuseppe Boriani, MD <i>Moderator: Francesco de Blasio, MD, FCCP</i>		
10:40-11:10	Coffee Break, Visit Exhibit Hall, and View E-Posters					
11:10-11:40	Personalized Management of Bronchiectasis Stefano Aliberti, MD <i>Moderator: Alessandro Zanasi, MD</i>	Asthma: Year in Review Sandhya Khurana, MD, FCCP <i>Moderator: Alessandro Vatrella, MD</i>	Pulmonary and Critical Care Disorders in Pregnancy Stephanie M. Levine, MD, FCCP <i>Moderator: Girolamo Pelala, MD</i>	Echocardiography for Rapid Assessment of Hemodynamic Failure Mangala Narasimhan, DO, FCCP <i>Moderator: Otis Rickman, DO, FCCP</i>		
11:40-11:45	Movement					
11:45-13:15	Respiratory Pathophysiology in the Third Millennium The Modern Pulmonologist Facing With the Study of Small Airways Stefano Centanni, MD Peculiarities of Respiratory Pattern During Sleep and Exercise in Normal Subjects Claudio Micheletto, MD, FCCP Airflow Limitation. How to Assess and Prevent it in Patients with Chronic Obstructive Diseases Claudio Tantucci, MD <i>Moderators: Franco Pasqua, MD; Antonio Sacchetti, MD</i>	Difficult Cases in Pulmonary Vascular Disease: A Case-Based Discussion VTE Lisa K. Moores, MD, FCCP Pulmonary Hypertension Secondary to Lung Disease Sergio Harari, MD PAH Deborah J. Levine, MD, FCCP <i>Moderator: Lisa K. Moores, MD, FCCP</i>	Controversies in the Management of Sleep Disordered Breathing Neil S. Freedman, MD, FCCP Giuseppe Insalaco, MD Francesco Fanfulla, MD <i>Moderator: Neil S. Freedman, MD, FCCP</i>	Updates in the Comprehensive Management of the COPD Patient David Mannino, MD, FCCP; Bartolome Celli, MD, FCCP; Valerie Press, MD, MPH; Frank Sciruba, MD; Michael Stickland, PhD <i>Moderators: Linda Nici, MD; Richard ZuWallack, MD; Enrico M. Cini, MD, FCCP</i>	Point of Care Echo Hands-on Scanning Mangala Narasimhan, DO, FCCP	
13:15-13:30	Question and Answer Distribution for Italian CME					

	Asthma
	Critical Care
	COPD
	Lung Cancer
	Sleep
	Infections
	Pulmonary/Vascular
	Procedures/Simulation
